

Network traffic missing in that diagram:

- AD (TCP 389, 636, 3268, 3269)
- DNS (UDP & TCP 53),
- NTP (UDP 123)

For Additional Ports used by Citrix Products see CTX101810

- * UDP 4011 only used when PXE on DHCP Server,
- If PXE is seperated, UDP port 67 is used
